Focal Solutions is providing all Phoenix Area Businesses with a Complimentary Telecommunications Review and Audit!

Complimentary Telecommunications Review and Audit

Focal Solutions is a Telecommunications Master Agent representing all the major providers, such as: Centurylink, AT&T, Level 3, XO and many others. Focal Solutions tailors its solutions to the unique needs of each client—allowing you to leverage their expertise to research service options, order services, and manage the installation at no additional cost.

COMPLIMENTARY SERVICE INCLUDES:

A review of all of your monthly local, long distance, Internet, and data network billing to identify the following:

- *Are you being billed at the correct rate?*
- *Are you utilizing the best rate structure with your current carriers?*
- *Are there any better options available in the marketplace?*
- *A complete analysis to see if you could benefit from SIP*
- *Are there ways your business can leverage cloud services?*

A review (with your IT leadership) of your voice and data networking strategy to identify if there are any new technologies that could help you:

- *Consolidate networks*
- *Provide greater resiliency and/or redundancy*
- *Improve your user's experience*
- *Save money*
- *Or all of the above*

● We identify savings opportunities or ways to do more with less in almost every case!
